

Provisioning – tailor-made just for you

Name: _____ Yacht Name: _____ No. in Party: _____

Arrival date/time: _____ Start of Charter: _____ End of Charter: _____

If you have any preferences that are not listed, please place them on a separate sheet.
We will do our best to provide those items for you.

SOME TIPS

- 1 liter of water per person per day is recommended
- Be careful with the quantity of frozen food you order; while your yacht is equipped with a refrigerator, frozen items will hold for a limited time in it.
- Soft fruit such as banana, avocado and pineapple will ripen quicker in the heat than citrus fruit.
- A lot of fresh products are seasonal and not always available. Please mark 'NO' if you do not wish us to replace your order with something close to the initial product.
- Package sizes and brand might change without notice. Again, please mark 'NO' if you do not want a replacement product.
- If you buy by weight we will try to get as close to what you ordered but sometimes package sizes do not allow us to get it absolutely accurate.
- Should you rather want to order pieces (e.g. steaks) instead of weight indicate it under 'quantity' by adding the unit size you want us to use (e.g. 4 pieces, versus just 4, which would indicate 4lb).
- Prices are subject to change without further notice.

You will need a Starter Kit
