Start of Charter _____ **End of Charter** _____

If you have any preferences that are not listed, please place them on a separate sheet and send in. We will do our best to provide those items for you.

A few tips:

- *1 liter of water per person per day is a good guideline to work on.*
- *Be careful with the quantity of frozen food you order; while your yacht is equipped with a refrigerator, frozen items will hold for a limited time in it.*
- *Soft fruit such as banana, avocado and pineapple will ripen quicker in the heat than citrus fruit*

Please circle the amount in each line which reflects the size you need
